KUBOTA DIESEL TRACTOR

B2320

New Standard Tractor

Kubota's new B2320 standard tractor boasts more power, comfort, and versatility to tackle a wide variety of tasks.

NEW STANDARD TRACTOR

Kubota's versatile new B2320 standard tractor delivers the outstanding performance you can rely on.

Kubota's new B2320 tractor offers a wide assortment of innovative features to provide more power, more comfort and more efficiency, giving your productivity a boost. With so much versatility at your command, this tractor is the best choice for the job, whatever it may be.

Take your performance and productivity to a whole new level with Kubota's new B2320 standard tractor.

The versatile B2320 tractor delivers the power and speed you need to tackle large and small tasks around your property. With higher horsepower and more transmission speeds to choose from, this new B2320 tractor lets you handle your toughest chores with ease.

B2320

- ▶ **ENGINE GROSS HORSEPOWER :** 17.2 kW (23.0 HP)
- ▶ **FUEL TANK CAPACITY :** 26 l
- ▶ **TRAVELLING SYSTEM TYPE :** Gear shift
- ▶ **TRANSMISSION :** 9 forward and 3 reverse
- ▶ **TRAVELING MAX SPEED :** 16.8 km/h (w/ Farm Standard tyre)

Engine

23HP liquid-cooled diesel engine, with Kubota's E-TVCS (three-vortex combustion system), offer tremendous power, high torque, cleaner emissions, and low noise and vibration.

Increased Fuel Tank Capacity

We've increased the fuel tank capacity to 26 litres on the B2320. This allows you to work longer hours without having to refuel, which makes you more productive.

Slanted Bonnet

The slanted bonnet offers a clear view of front loader operations to improve operator productivity.

Durable Wet Disc Brake

Powerful Category I 3-point Hitch

The 3-point hitch accepts a variety of implements for all of your different needs. The powerful hitch can handle rotary cutters, box blades, finishing mowers and more.

Increased Travel Speed

Get to your destination faster. With higher travel speeds compared to previous models, you'll be able to move from job to job quicker, increasing your overall productivity.

When you're working long hours, comfort is important. A host of more ergonomic and functional features, including our new full rubber deck, make the B2320 both comfortable and easier to use.

Semi-flat, Full Rubber Covered Deck

B2320 tractor deck has been completely covered in durable black rubber, providing extra comfort for your feet.

Backlit Instrument Panel

The B2320 newly redesigned instrument panel helps you keep track of vital tractor functions. The panel backlight activates when the headlamps are turned on.

Engine Key Stop

A 4-position (preheat/on/off/start) key-operated switch operates a solenoid to shut off the engine. An engine-stop knob is also provided for fail-safe stopping of the engine should there be a problem with the electrical system.

Parking Brake

The parking brake keeps your tractor where you want it—just pull the convenient lever and the tractor stays put.

Useful Cup Holder

The standard cup holder allows you to quench your thirst on hot days.

Lever Guides

The B2320 tractor features large angled lever guides, for hassle-free shifting and fast control lever recognition. All levers are conveniently located within reach.

TRACTOR SPECIFICATIONS

Model			B2320
Engine			
Make, Model			Kubota D1005-E3-D22
Engine gross horsepower	kW (HP)		17.2 (23.0)
PTO horsepower (*1)	kW (HP)		13.4 (18.0)
Total displacement	cc		1001
Rated revolution	rpm		2800
Fuel tank capacity	ℓ		26
Air cleaner			Double element
PTO			
PTO type			Transmission driven with one-way clutch
PTO speed	rpm		540, 960
